5th CIOFF® World Folkloriada in Zacatecas, Mexico
The 5th CIOFF® World Folkloriada took place in Zacatecas, Mexico between July 30 and August 7.
CIOFF®, through the Committee for Folkloriada, coordinated the activities together with the Cultural Commission, Youth Coordinating Committee and CIOFF® Mexico as hosts of Folkloriada and suggestions from the Government of Zacatecas.
The Folkloriada was followed by CIOFF® Mexico Festival from 8th to 14th August 2016. Folkloriada is the Flagship event of CIOFF®, which takes place every 4 years. 47 countries with over 1500 performers participated in the Folkloriada 2016.
The diversity of areas of Intangible Cultural Heritage and Materials presented at the Folkloriada left a huge legacy of CIOFF® cooperation with UNESCO.
The Folkloriada Opening Ceremony took place in a sports stadium and was the first of the event’s highlights. An audience of about 10,000 people and a band of approximately 100 musicians gave the musical frame to the parade of all the participating Nations. One section of the stadium with 1000 children created spectacular logos of CIOFF®, Folkloriada and UNESCO.
The President of CIOFF® welcomed the participants and the Governor of Zacatecas declared the 5th CIOFF® World Folkloriada officially opened, starting the artistic show, which culminated with fireworks display.
All the groups and special guests participated in the Government Welcome Dinner, where Mexican groups made dance and music presentations.
The Opening Parade was held on the main street attracting thousands of spectators.
The **Youth** and **Group Directors' Forums** –held during the Folkloriada highlighted the clear determination of CIOFF® to train the leaders who, in the immediate future, continue CIOFF® Work, and to agree on concepts and artistic proposals that constitute the Festivals.

The Folkloriada also featured 131 presentations at different venues of Zacatecas; The Mass for Peace Ceremony, the Forestation of a future park and the Unveiling of the Icon of the Folkloriada (the "Matlachín"); 140 presentations in the neighboring towns and villages; the youth games and the Closing Parade.

The delivery of the flag to **Bashkortostan** -home to the Folkloriada 2020- ratified the idea of Shmuel Bialik from Israel that a great event is possible to organise by CIOFF® as a contribution to world culture and peace.

**Cultural Activities**

Organised by CIOFF® Cultural Commission the following cultural activities and exhibitions took place during the 5th CIOFF® World Folkloriada in Zacatecas:

- **Photographic Exhibition of Traditional Musical Instruments**

CIOFF® AND UNESCO

CIOFF® – UNESCO cooperation increased after the new status of CIOFF® – NGO, Official partner of UNESCO with Associate Status. This privileged position gave CIOFF® some new opportunities – one of very important ones is to propose participation programs to be financed by UNESCO.

CIOFF® National Sections continued to follow UNESCO goals in the field of the UNESCO ICH Convention by organising a lot of cultural events to present and preserve intangible cultural elements all over the world. CIOFF® tried to develop good relations with respective national governments and National Commissions for UNESCO. CIOFF® Folkloriada in Mexico was the best demonstration of CIOFF® work including the respect of cultural diversity and promoting peace measures especially among young people.

CIOFF® Representative to UNESCO participated in the UNESCO ICH Committee meeting in Addis Abeba and played an important role in the UNESCO ICH NGOs FORUM – being one of seven members of the FORUM Steering Committee. The FORUM is becoming an important partner to the Committee where the representatives of 24 governments are discussing and deciding about the ICH policy in general, examine the Annual Reports of different States and also deciding which elements (nominations) can be put on different UNESCO ICH Lists.

CIOFF® was present also at the UNESCO International NGOs Conference in Paris – CIOFF® President Philippe Beaussant was elected President of the UNESCO-NGO Liaison Committee for the period of 2 years.

CIOFF® invites all CIOFF® National Sections to strengthen the cooperation with their governments on the national level and to further implement the rules written in the UNESCO ICH Convention 2003 and to extend their work in the implementation of the UNESCO Convention 2005 on Cultural Diversity.

CIOFF® ANNUAL REPORT 2016
FESTIVALS COMMISSION

In May CIOFF® Festivals Commission held its spring meeting in Hungary. Festivals Commission produced and published CIOFF® Festivals Calendar 2016-2018 and published and distributed the Festivals Reports and Group Reports 2016. The Charter for Recognised CIOFF® International Festivals has been launched and distributed to all the festivals through National Sections in three languages. The Festivals Commission has launched a programme to carry out the review of all the festivals and clarify the definition of Recognized CIOFF® Festivals, International CIOFF® Festivals, CIOFF® Festivals, International Festivals and National Festivals, which would be later reflected in the guidelines.

COMMITTEE ON FOLKLORIADA

In 2016 the Committee on Folkloriada was instrumental in making sure that CIOFF® World Folkloriada 2016 in Zacatecas be a huge success, in liaison with CIOFF® Mexico and local government of Zacatecas. The Committee on Folkloriada has overseen all the preparations and confirmations of participation by National Sections. It worked together with Cultural Commission and Youth Coordinating Committee to present all the cultural events and activities and all the youth activities at Folkloriada 2016 in Zacatecas. Following Folkloriada 2016 the Committee performed a thorough analysis and evaluation, including collecting the feedback from all the participating groups through CIOFF® National Sections. The final report on Folkloriada 2016 was presented by Hugo Ifran at the CIOFF® General Assembly in Fiuggi, Italy in October 2016. At the same time the Committee on Folkloriada was working with CIOFF® Russia on organisation of CIOFF® World Folkloriada 2020 in Ufa, Republic of Bashkortostan, Russia.

COMMITTEE ON FINANCIAL DEVELOPMENT

The aim of the Committee is to analyze the current possibilities available and to develop new activities, which could create funds for our operations. The Committee is working to develop a Flagship event of CIOFF®. The Committee had meetings in I-lan, during CIOFF® Council meeting and in Arequipa, Peru, during the General Assembly 2015.
COMMITTEE ON CHILDREN

Committee is working together with the Committee on Folkloriada to organize Children’s Folkloriada which will take place every 4 years. Meetings with Committee on Folkloriada and Committee on Training and Education have taken place during the CIOFF® World Congress in Fiuggi, Italy in October 2016.

COMMITTEE ON TRAINING AND EDUCATION

Committee on Training and Education (CTE) continues to research and promote various methods and programs of training and education that safeguard and transmit traditional cultures, particularly within the context of festivals and presentations of traditional arts.

CTE continues to seek, collect and archive articles and presentations that provide examples of the safeguarding of Intangible Culture Heritage (ICH) and educational practices for CIOFF® and its members. An example, “Ambassador of Culture,” an afterschool hands-on program for children to experience the local culture and the cultures of classmates of different ethnic roots has been developed by Committee members, Ozlem Kadiraga and Dilara Meral (Cyprus, Iskele Festival), Youth Representative. Such projects transmit Intangible Cultural Heritage by providing opportunities to learn about one’s own culture and that of another, growing in appreciation for cultural diversity, surpassing mutual mistrust, fears, prejudice, and discrimination. Understanding develops respect for another’s way of expression and way of life.

CTE offered to develop a blended learning opportunity using an online and face-to-face mini-course for new CIOFF® members and for those countries interested in CIOFF® membership drawing on the experts within CIOFF®; this opportunity enables new members to participate more fully with knowledge and resources; mini-courses would offer short videos and webinars to provide information about CIOFF®, its structure and membership, concluding with a session during the World Congress and with recognition of those who completed the course. It is suggested that a pilot course be launched and an assessment be conducted. Folkloriada was CIOFF®’s 2016 flagship event. The CTE proposed that a prominent educational event be convened at the Sector level, such as a worldwide forum in 2017, modeled on Forum of Festival Directors held in Bogota, Columbia in 2015. An alternative venue to be considered is a pre-World Congress forum. CIOFF®’s recognition of these designated educational events demonstrates and provides evidence of CIOFF®’s commitment to safeguarding intangible cultural heritage, to quality festivals and to networking.
YOUTH MOVEMENT

7th World CIOFF® Youth Forum:
Over 50 youth representing more than 35 countries took part in 7th CIOFF® World Youth Forum during CIOFF® World Folkloriada in Zacatecas, Mexico in 2016. The Forum was also attended by over 100 youth from Mexico, as the host country.

One of the main objectives of the Forum was to evaluate the current level knowledge regarding CIOFF® amongst the youth of the CIOFF® network. The Youth used this opportunity to explore individually what every country could develop and established contact with the countries that wished to pursue further work with the youth groups.

During the CIOFF® World Folkloriada the Youth also organised and held over 3 days traditional games workshops for local children, which were very successful.

Playing Together Magazine
Born as a way of collect large number of articles wrote by the Youth Commission, now in its 8th edition, it became a milestone in CIOFF® Youth activity at international level, more than 20 youth commission members took part in writing articles over the last 8 years since the publishing of the first edition in 2009. Started as a celebration of the Games programs, it is now focused on all the three ICH list items that CIOFF® Youth is active on, namely Games, Traditional Trades and Myths & Legends.

Spring Meeting was held in Zacatecas, Mexico.

The second meeting was held in the framework of the CIOFF® Congress and General Assembly in Fiuggi, Italy.

CIOFF® SECTORS

CENTRAL EUROPEAN SECTOR

The joint Sector meeting with North European Sector was held in Sza- zhalombatta, Hungary in May 2016 and at the CIOFF® World Congress in Fiuggi, Italy in October 2016.

The following flagship projects took place within the Sector
International art project “With Russia in the heart”
From 14th of November till 20th of November 2016 Polenov State Russian House of folk arts - the base of CIOFF® Russia - had organized an International art project “With Russia in the heart” for Russian dance choreographers-compatriots who live abroad.

This project is an event framed by Federal program “Culture of Russia”. Organizers of the project were CIOFF® Russia, Ministry of Culture of Russian Federation and Vladimir regional Centre of folk arts.

“With Russia in the heart” welcomed 34 specialists from 15 countries: Lithuania, Denmark, Poland, Romania, Bulgaria, Latvia, Croatia, Kirgizia, Germany, Estonia, Serbia, Kazakhstan, Finland and Moldova.

The second part of the project was All-Russian festival of Russian folk dance named after Tatiana Ustinova “Throughout Russia roundabouts are conducted”. Participants got an opportunity to visit performances of Russian folk dance ensembles. Also, compatriots took part in round-table discussions with directors of Russian groups and members of jury of the festival to sum up results of performances.

There were also workshops organized by lead teachers-choreographers of Russian-dance in Vladimir. It was a good chance for participants to find out more about elements and details of different Russian dances.

CIOFF® Russia received a lot of positive reviews from participants after the end of the project “With Russia in the heart”. It draws attention to importance of this kind of events for opening minds, new connections with professionals and creativity.

Jurjevanje Festival in Slovenia
Folklore festival Jurjevanje takes place in the Slovenian town Črnomelj with not more than 6000 inhabitants. For more than 50 years the festival took its place in small valley called ‘Jurjevanjska draga’ not far from the town centre. In 2015 organisers decided to move the location to the old town core. Old town core is used during most of the year as a parking area and transit way to border crossing with Croatia. Picture is not very picturesque and many would like to limit truck and car traffic in town core. Till 2015 this was thought as impossible. It was never closed for traffic. Despite many opposing decision to move the oldest folklore festival in Slovenia to the new location the organisers decided to do so. Results were amazing. The Town was dominated by people and not by cars. There were children playing, street artists performing and people hanging out and drinking coffee in the middle of Main Street. People recognised the old town core as a quality space for holding activities and what is also very important, local decision makers and organisers of events recognised it as place for organising events. There are now more events happening during the year when town core is closed for all traffic and sport, culture, concerts or art events are taking place. A folklore festival is not just an event.
CIOFF® SECTORS

NORTH EUROPEAN SECTOR

The joint Sector meeting with Central European Sector was held in Szazhalombatta, Hungary in May 2016 and at the CIOFF® World Congress in Fiuaggi, Italy in October 2016. The important topics in this meeting were Folkloriada in Mexico 2016, Work Plan, CIOFF® and UNESCO cooperation and Youth Movement.

There have been many cultural events and festivals for adults and children in each country and cooperation has been active between neighborhood countries (for instance Latvia, Estonia and Lithuania for Baltic Festival and Nordlek in Northern countries).

The new CIOFF® Associate Member—Denmark in 2016 held the 8th Triangle Folklore Festival at Rosborg Gymnasium in Vejle, Jutland.

International Folklore Festival Baltica - was held in Estonia around Midsummer Day, which gave the festival opportunity to spread over the country (in 38 towns and villages) and for the foreign groups to take part in traditional folk calendar celebrations.

Traditional wedding celebrations - since there has been a lot of interest in the Estonian society to revive the authentic wedding celebrations, CIOFF® Estonia has held during last year’s courses over Estonia to raise the knowledge about the content and the distinctness of the regions. In 2016 a special working group of wedding traditions got a new start with the aim to research and to educate.

Event Awareness - since a lot of activities and events occur in the field of folklore in Estonia (around 70 and more courses and events), but the awareness of these stays mainly on regional level, CIOFF® Estonia decided in 2016 to set the focus cataloguing and promoting all the events. This way the picture of the whole sphere could have a better visibility in society and the quality of the content can only raise.

In Finland three CIOFF international festivals: Kaustinen Folk Music Festival (in Kaustinen), Hollo and Martta International Folklore Festival (in Hollola and Lahti), International Folklore festival Pispalan Sottiisi (in Tampere) and International Children Folklore Festival Kalenat (in Lappeenranta). Also there have been many other national folkdance and music events during the year 2016. The officer from Ministry of Culture and Education has taken part in seminar, where the topic has been the Safeguarding of Intangible Cultural Heritage.

CIOFF® Associate Member—Ireland has been working on creating a National Section in Ireland and promoting Irish traditions at festivals.

17-th International Mask tradition festival in Madona took place in Latvia.

The unique bronze Sculpture “World United by Dance” was unveiled in Billingham Town Centre during Billingham International Folklore Festival of World Dance, UK in August 2016. The Sculpture created by Mexican Artist Carmen Avalos celebrates the unity of all the cultures around the World, depicting 9 dancers from different cultures and one musician playing fiddle. The unveiling ceremony included a specially created dance, which involved dancers and musicians from different countries taking part in the festival.
NORTH AMERICAN SECTOR

The North American Sector (NAS) celebrated a variety of activities including group exchanges and festivals that provide an opportunity to promote a more just and peaceful world through learning about others cultures and one’s own. NAS continues to focus on the geographic expansion of its membership to include the non-Spanish speaking countries of the Caribbean and Central America, Canada and the United States. It continues to develop and strengthen its members, Antigua and Barbuda, Belize and St. Vincent and the Grenadines; it seeking to enkindle and reengage its newest members, Anguilla, Cayman Islands, Dominica, Grenada, and Trinidad and Tobago recognizing their unique cultures within the global community. Aruba, Jamaica and The Bahamas have expressed interest in CIOFF® membership. One challenge is financial and CIOFF® NAS is developing a financial grant program to assist them.

NAS continues to coach its members - festivals, groups and demonstrators - to meet CIOFF® standards and to safeguard intangible cultural heritage. CIOFF®-USA convened, hosted and participated in six major Intangible Cultural Heritage Events, the 21st anniversary of the World Citizens and Cultural Heritage Awards, 16th annual Around the World in 5K (km), a Dinner Showcase for the Holiday Folk Fair International and the Children’s Festival and for the third year has expanded inductions into the Folk Fair International Master Artisan Guild. Following the past practice of incorporating the UNESCO International Year theme, the Holiday Folk Fair selected the theme: Celebrate the Culture of Water.

Folkmoot USA continues to expand its programs as it develops the Folkmoot Friendship Center - a year-round cultural center. A deck added to the building was named in honor of Rolf Kaufman for his work in bringing together people and welcoming them in Folkmoot. COIFF® St. Vincent and the Grenadines and Antigua and Barbuda convened festivals that were well attended; St. Vincent and the Grenadines participated in Folkloriada. The North American Sector recognized Leticia Bulotano, A Keeper of Culture, for safeguarding her Filipino culture, through dance, music, arts and traditions ensuring the transmission of knowledge, skills and values to the next generations and sharing the expression of Filipino culture locally, nationally and internationally; NAS also recognized Leticia for her dedicated service and caring commitment for the NAS Sector continuing to foster friendship, peace and cultural understanding throughout the world.

AFRICAN SECTOR

African Sector is a new Sector in CIOFF® which started working independently in 2016, which has been working very hard with CIOFF® National Sections in Africa educating them on how CIOFF® Organisation works, CIOFF® principles and cultural policies, festivals and Folkloriada.

CIOFF® Botswana sent groups to several festivals around the World. Botswana has also developed the CIOFF® Youth section. A CIOFF® cultural meeting is planned at the end of the year between the State authorities and the President of CIOFF® Africa in both countries.

CIOFF® Comoros are working with CIOFF® to get the recognition of their festival. Most of the CIOFF® National Sections in Africa, for the first time, conducted General Assemblies of their National Sections.

The new CIOFF® Africa Sector relies on the support and experience of other sectors to promote, develop and improve in the next few years.
SOUTH EUROPEAN SECTOR

During 2016 the Sector activities concentrated on four main points of the approved work-plan:

- The “Festival of Mediterranean Cultures”, which is meant to be the flagship Sector event, to be held every four years, between two CIOFF® Folkloriadas;
- Common plan for information about/promotion of activities, including a Sector Strategy and a NSs & Festivals Strategy; the representatives of CIOFF® Switzerland and Iskele Festival will prepare a proposal on the issue;
- Regular search through European projects and calls, in order to find out finance sources for the Sector initiatives;
- Initiative to build and continue a networking system through the Sector and possibly through all of CIOFF®.

All the above has been discussed both at the spring Sector meeting in Iskele (May 11-16, 2016) and at the meeting held in connection with the CIOFF® World Congress and General Assembly (Fiuggi, Oct, 7, 2016).

The National Section CIOFF® Portugal, candidate to organize the 2018 edition of the “Festival of the Mediterranean Cultures”, presented at the CIOFF® World Congress in Fiuggi in 2016 the basic concept for the organization; the key will be “the number five”:

- 5 regions to be present
- 5 routes through the Mediterranean area to reach the venue
- 5 places for presentations
- 5 days and 5 nights of duration
- 5 senses – sight, tact, smell, taste and hearing - to be “celebrated”.

The proposed period is end of May-beginning of June, 2018.

Further details will be presented and discussed at the forthcoming Spring Sector meeting (May 11-15, 2017) in Montignac, France.
